

Curriculum vitae of the Author

Giuseppe Nacci was born in Trieste, Italy, on 26th February 1964.

He graduated in medicine at the University of Trieste in the academic year 1990-1991.

From 1992 to 1996 he specialized in Nuclear Medicine in Milan, where he took part in the first human experiments of the oncological Radio-Immuno-Therapy with Yttrium 90 and Monoclonal Antibodies conducted by the *Scientific Institute San Raffaele* and the *European Oncological Institute*.

From October 1998 to December 2007 he held the position of Director of the Regional Health Service at the Financial Police Administration of Friuli Venezia-Giulia.

After patenting his industrial invention “*Synthesis and Use of biotin-DTPA-Gadolinium 157, 159 for Radio-Therapy*” (No. 01313103, class A61K051), he published “*Therapy of Tumours with Gadolinium 159 in Nuclear Magnetic Resonance*”, 760 pages, Callerio Onlus Foundation, by the publishing house in Trieste “Italo Svevo”, May 2000 (only available in Italian under the title “*La Terapia dei Tumori con Gadolinio 159 in Risonanza Magnetica Nucleare*”).

In August 2002, he published a review (Minerva Medica, 2002, Vol. 93, N.4, from page 227 to page 276) on the biological effects of a nuclear explosion (introduction of a system in colorimetric scale of a simple and immediate evaluation of the Fall-out effects on populations, with recommended guidelines for a long-term and low-cost National Project of Civil Protection). Only Italian version.

In May 2006 he published a paper concerning the extreme dangerousness of Genetically Modified Organisms on the American Journal of the *Gerson Institute*, San Diego, California (Gerson Heating Newsletters, Vol. 21, No. 3, May-June 2006, pages: 5,7,9, Part I, available at: <http://www.vff-marenostrum.org/News/The-Threat-of-Genetically-Modified.pdf>

Later in the same year he published the book “*Diventa Medico di Te stesso*” (“*Become your own doctor*”), by “*Editoriale Programma, s.r.l.*, Padova, Italy. (<http://www.vff-marenostrum.org/Wwa/NACCI.html>)

In January 2007 this book was awarded the following prize: Best scientific book of the year 2006, given motu proprio and unanimously by the Board of Councilors of the Verein zur Forderung der Forschung Mare Nostrum – Research Institute (Association for Promotion of Research Mare Nostrum) in Wildon, Graz, Austria.

In October 2007 he received an honour known as the SIGILLO TRECENTESCO (the fourteenth-century Seal) from the city of Trieste in recognition of his passionate commitment in his study and scientific research.

From December 2007 he published one of his books on the Internet, “*Thousand Plants against Cancer without Chemo-therapy*”.

In August 2008 he published on the Internet a paper on the extreme dangerousness of the nuclear plant in Krsko (Slovenia). Since August 2011 this book has also been available on the web site of the USA National Health Federation :

www.thenhf.com/article.php?id=3000

http://www.thenhf.com/files/pdf/the_Threat_of_nuclear_power_Station_of_Krsko_1.pdf

On 13th September 2008 Dr Nacci took part in the annual Congress SANA in Bologna explaining in eight points the extreme dangerousness of GMOs. He asked for explicit intervention of the National Democratic Institutions in order to safeguard the health of the Italian people and prevent GMOs from being authorised and introduced also in Italy from January 2009. In May 2011 he published the book “*Come affrontare il Diabete*” by “*Editoriale Programma, s.r.l., Padova, Italy.*”

<http://www.procaduceo.org/dotnacci/NACCI%20Abstract%20italian%20Book%20on%20Diabete1.pdf>

<http://editorialeprogramma.wordpress.com/2011/07/01/come-affrontare-il-diabete-il-nuovo-libro-di-giuseppe-nacci/>

In June 2011 he published the paper on the Killer-bacterium of Hamburg, and the Hypothesis of a trans-infection with Promoter *Cauliflower Mosaic Virus* 35S (Genetically Modified Organisms)

http://www.vff_mareostrum.org/News/NACCI-the-killer-Bacterium.pdf

From April 2012 he has been Nuclear Medicine Specialist – VFF Project Manager -Environment & Health - V.F.F. Islandhopper Project (<http://www.vff-mareostrum.org/ITA/ITA.htm>)

December 2012: The Board of the VFF Association (*Verein zur Förderung der Forschung*, Association for the Promotion of Research) in Wildon, near Graz (Austria), appointed him Director and Head of Natural Medicine Studies for the VFF Institute.
